## Data Flow Index - The challenge we face teaser video

Colin - 2023-01-25 - Comments (0) - Product

You may have heard Data Flow Index or DFI mentioned in amongst articles or maybe by a colleague excited about our product and wondered, just what on earth is it?

Well, its a piece of tech that is about to revolutionise any industry that handles large volumes of data and lets face it, that's pretty much most sectors!

We thought it may be best to show you a short video that maybe explain things a little better than words, so check this out!
